TIPS TO PARENTS
(Cont. from page 4, Col. 3)

much careful study and discussion. No Canadian family should be without them - especially a New Canadian family.

With the "Rules" as a guide, think out your daily menu the night before. This often means that you can prepare part of dinner when doing the breakfast dishes. It means that the necessary foods can be more easily fitted into the whole day's meals.

The General Motors Technical Centre has a wind tunnel for automobiles and trucks which is designed to generate an air stream ranging from 30 to 100 miles an hour - from a "strong" wind to a blast of hurricane force.

Vol. 6 No. 43 November 23, 1961 A. Playford, Publisher. Box 120, Drayton Valley.

D.V. Woman Injured In Car Accident

The proprietor of Edith's Beauty Shop, Mrs. Edith Vandorp was hospitalized in City Hospital in Saskatoon as the result of injuries sustained when the car in which she and her husband were riding overturned near that Saskatchewan city.

Mr. and Mrs. Vandorp were on their way to Regina over the recent long weekend when they hit a patch of ice on the pavement and the car overturned. Mrs. Vandorp received a broken shoulder, a broken arm and a punctured lung in the accident. Mr. Vandorp was badly shaken up, but after a brief time of hospitalization was released and returned to Drayton Valley.

Ganske Funeral

Mrs. Vandorp is still undergoing treatment in the Saskatoon Hospital.

U.C. Anniversary Service

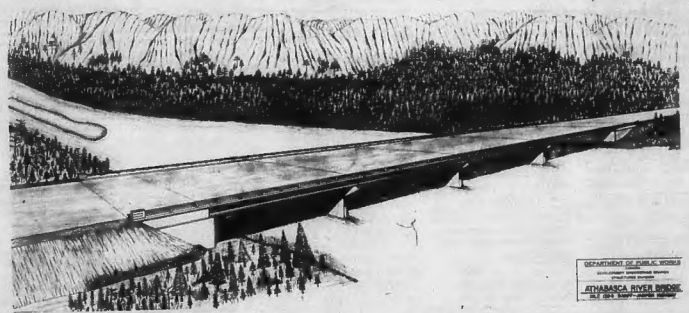

Mr. Carl Arthur Ganske of Drayton Valley passed away suddenly at Lone Rock, Saskatchewan at the age of twenty-eight years.

Mr. Ganske was born at Northleigh, Alberta on December 27th 1933, and with the exception of the last six weeks being employed around Lloydminster he has lived all his life at Drayton Valley.

Predeceased by his mother in November of 1960, he is survived by his wife of Drayton Valley, one son, Lance at home, his father, Mr. Otto Ganske of Violet Grove, Alta., two brothers Allen (Cont. on page 3, Col. 5)

Oh! Goodie! It's Wednesday evening. Mommie is always so happy when she sees all those wonderful ads in the Pembina News Advertiser.

CONSTRUCTING BRIDGE OVER ATHABASCA RIVER IN JASPER NATIONAL PARK.

OTTAWA - A \$253,755 contract has been awarded by the Department of Public Works to Crawley and Mole Limited of Jasper, Alta., for the construction of a bridge over the Athabasca River on the Banff to Jasper Highway. It was announced today by Dr. Hugh M. Horner, M.P., for Jasper-Sedon, on behalf of the Honourable David J. Walker, Minister of Public Works.

The firm submitted the lowest bid of 11 in response to advertising for public tenders. The highest bid was \$506,117. The overall completion date is August 31, 1962.

The bridge is to be built at Mile 139.4 on the Banff-Jasper Highway, about five miles south of Jasper National Park. It will connect a new section of road which is under construction in this area. The work is being done for the Department of Northern Affairs and National Resources and is part of their program for highway improvement within Canada's National Parks.

The bridge will have four 100-foot girder spans and be constructed with prestressed concrete supported on concrete abutments and piers. Its overall length will be 476 feet, including approaches on either end, with a roadway width of 42 feet, and three-foot, three-inch curbs.

Plans and specifications were prepared by the Development Engineering branch of the Department of Public Works at Ottawa. A. H. MacKinnon, District Engineer (Development) of Banff, will be responsible for supervision of the work.

McGREGOR - ROBINSON WEDDING

MR. AND MRS. M. McGREGOR

All Saints Anglican Church was the scene of a beautiful afternoon wedding when Miss Rosalie Linda Robinson became the bride of Mr. Malcolm Raymond McGreggor in a double ring ceremony. The Rev. Russell Brown, Rector of All Saints read the marriage vows for the nuptials which took place at three o'clock.

Beautifully gowned in traditional white, featuring tulle chiffon over a floor length satin gown, with lace bodice, lilypond sleeves, crown headpiece with shoulder length veil, and carrying a bouquet of deep red roses, with accents of white ribbon and red rose buds, the bride entered the church on the arm of her father, Mr. William Robinson. Mrs. Dudley Edwards played the wedding music on the organ.

Mr. Art Jorgenson acted as Master of Ceremonies at the wedding banquet which was catered by the Anglican W.A.s. Mr. Orville McGreggor proposed the toast to the bride, to which a very fitting reply was given by the groom. A dance followed the reception. The bride's going away costume was a medium blue chabrier suit, black shoes and purse, with white feathered hat and white rose corsage.

Accompanying Miss Robinson to the altar were her bridesmaids, Marion Dylong, Mrs. Katherine Mortier, dressed in Romance blue gown with nylon chiffon, carrying white carnations with matching rosebuds, Miss Paulette Doyle dressed in rainbow pink nylon tunic, with matching bouquet and Miss Evelyn Kynock, dressed in turquoise nylon tunic. The dresses worn by the three bridesmaids were street length.

Following the honeymoon Mr. and Mrs. McGreggor returned to Drayton Valley where both are employed.

There are so many Phil Beta Kappas on the Kennedy ward, they'll be calling the cabinet room the key club.

A man on a big expense account is a fellow in top hat shape.

Standing with the groom was his brother Mr. Orville McGreggor, of Gulf Lake, Saskatchewan. Head usher was Miss Robinson's brother Mr. William Robinson, with Mr. Bill Sullivan, brother-in-law to the groom assisting him. Little Miss Dorothy Robinson, niece of the bride made a lovely little flower girl; Master Terry Raymond was ring bearer.

The Pallbearers were: Mr. Rick Ochlynsky, Mr. Dan Wells, Mr. Albert Larson, J.R. MacKenzie, J.A. Lishchay and S. Macmillan. Eveready Funeral Chapel Limited or Red Door, were in charge of funeral arrangements.

U.C. ANNIVERSARY SERVICE (Cont' from page 1, Col. 6)

toon and Jasper Place, Rev. Cameron has done extensive work in the area of Christian Education and Youth work. In addition to his duties at Alberta College he carries out a daily counselling service over Radio Station C.I.C.A.

The United Church congregation in Drayton Valley was constituted 6 years ago. Prior to this services were held in the school and in the Community Hall. Services were first conducted by Student Ministers from St. Stephen's College, Rev. William Sayes served as a Student Minister prior to his ordination and following his ordination served for two years as the first ordained Minister.

Approximately 350 families are under pastoral oversight at Drayton Valley. A full program of Sunday and mid-week activities is carried out. The Sunday School enrollment numbers 250 children. Mr. Larry Gano is Sept. of the Sunday School. The Senior Choir Director and Church Organist is Corporal D.R. Wilson. Mrs. Joyce Ryan is director of the Junior Choir. Mrs. Margaret Twissell is the organist. Mr. Lorne Klapp is chairman of the committee of Stewards. Mr. Harry Zolmer is chairman of the building committee and Mr. How and Pickup is the Clerk of Session.

At June 30 - 70 fatal accidents had taken place on Alberta Highways in 1961, 10% below the total for the same period last year. Between July and September 71 fatal accidents took place bringing the death toll to 6% below the nine month total for 1960. September was one of the worst fatality months on record and October's death rate continued high.

Increased patrols will be made during "Safe Driving Week". With common sense and care on the part of drivers, there need be no accidents.

NOTEBOOK.
Working in the Bus Depot now is Mrs. Olive Mitchell, formerly of Kelowna, B.C. Mrs. Mitchell is Ken Mitchell's mother. His Mitchell's husband was killed in World War 2.

Travel

Both Drayton Valley Church and Lodgepole United Church extend a sincere welcome to all who wish to worship with them on the occasion of their anniversary this Sunday.

B.C. action shocks Canadian business

By G.L. WYNNE,
President, Canadian Western
Forest Co. (Limited), and
Western Forest Industries Ltd.

CANADIAN BUSINESS, and in fact that of the British Columbia and the United States, was shocked by the action of the government of British Columbia in the afternoon of Aug. 2, when it took over B.C. Electric Co. Ltd.

The conditions with which the government imposed, and the manner in which it took over the electric utility, was shocking.

While there has been some recovery in the stock market since the takeover, the recovery has not been complete. The government's action has caused a loss of confidence in the government's intentions.

While the government was being criticized, the action of the government was being criticized. The government's action was being criticized.

The newspaper of the government and the newspaper of the business community have both expressed their great concern at the action of the government.

The president of the Investment Dealers Association of Canada said: "The action of the government is a shocking action. It is a shocking action. It is a shocking action."

It is beginning to realize that, in a country such as Canada, the property of any corporation is not absolute. It is not absolute. It is not absolute.

Now, then the government took B.C. Electric, it has a power to do it and which the company had to accept.

At the time the American company Canadian Western, owned electric power properties in British Columbia. When the C.C.S. government came into power, it decided to take over these properties and it did so, but only after months of negotiation between the government and ourselves as to the price which should be paid.

While this was a case for protection from the government, it also was a case for protection from the government.

In all the criticism levelled at the government, only a few have mentioned the principle of government ownership of the electric utility.

It is all the criticism levelled at the government, only a few have mentioned the principle of government ownership of the electric utility.

This statement is credited with the highest standard of living in the world. The most of the world is in people would rather have than anything else. Our capitalistic free enterprise system has made it possible for us to live better, more comfortably and more pleasantly than in any other country, particularly those where free enterprise or any other freedom is non-existent.

Government action such as that taken by the British Columbia government is a shocking action. It is a shocking action. It is a shocking action.

British Columbia gave several reasons for its action. The one which we seemed to accept was that the government of B.C. Electric was paid to the federal government in corporate income tax.

It is beginning to realize that, in a country such as Canada, the property of any corporation is not absolute. It is not absolute. It is not absolute.

Watch Those Plastic Bags!

"It's possible a mother's milk, but it's not enough to make a baby. It's not enough to make a baby. It's not enough to make a baby."

Along with our general respect for the environment, we are also concerned about the plastic bags. It's not enough to make a baby. It's not enough to make a baby."

One day, I wonder if it will give the same high standard of service. I wonder if it will give the same high standard of service. I wonder if it will give the same high standard of service."

There is much more I wonder. There is much more I wonder. There is much more I wonder. There is much more I wonder. There is much more I wonder."

Government action such as that taken by the British Columbia government is a shocking action. It is a shocking action. It is a shocking action."

"It is all the criticism levelled at the government, only a few have mentioned the principle of government ownership of the electric utility."

British Columbia gave several reasons for its action. The one which we seemed to accept was that the government of B.C. Electric was paid to the federal government in corporate income tax."

It is beginning to realize that, in a country such as Canada, the property of any corporation is not absolute. It is not absolute. It is not absolute."

Intelligent people who are considering the problem of plastic bags, are "Some people just don't think about it. They don't think about it. They don't think about it."

Every parent can be educated. And the three years of a child's life are the most important years of a child's life. Every parent can be educated. And the three years of a child's life are the most important years of a child's life."

General Motors of Canada operates manufacturing plants at Ontario and Windsor. The company has approximately 1,200 dealers."

The American story continues. The American story continues. The American story continues. The American story continues. The American story continues."

For the first time in the history of the world, the first time in the history of the world, the first time in the history of the world, the first time in the history of the world, the first time in the history of the world."

"It is all the criticism levelled at the government, only a few have mentioned the principle of government ownership of the electric utility."

AQUARIUM NEWS

Two loggerhead turtles—once among the stars of a road show which toured the United States and Eastern Canada—are now "retired" to a life of ease at the Calgary Aquarium.

And they're thriving on it. They left the bright lights of a publicity tour at Toronto last May and have since doubled their size, now measuring a good eight inches each in diameter, and are in the best of health.

Native to the tropical waters off the coast of Florida, the turtles

were collected for the Miami Aquarium, a large oceanarium displaying small and large fish and mammals of the South Atlantic, and came part of the Aquarium's travelling exhibit.

The exhibit, housed in a trailer equipped with small tanks of circulating sea water, found most parts of the United States, publicizing Florida's tourist attractions, and then moved to Toronto.

Rather than risk the loss of the fish on a lengthy journey back to the Miami Aquarium, officials in charge of the travelling exhibit of some of the specimens it disposed of some of the specimens to the Riverview Zoo at Toronto.

DRAYTON BEAUTY SALON

IS CELEBRATING IT'S FOURTH YEAR IN DRAYTON VALLEY WITH A Mother & Daughter Special From Nov. 15 to Dec. 15

LADIES

NOW IS YOUR CHANCE TO LOOK ATTRACTIVE FOR THE FESTIVE SEASON. FOR APPOINTMENTS Phone 542-3572

Facilities for marine exhibit at the zoo were limited; special case had to be given the turtles by Toronto aquarist Fred Buescher and when Elmer H. Taylor, curator of the Calgary Aquarium, visited Toronto recently, Dr. N.D. Scollard, curator of the zoo, suggested the loggerheads could be made comfortable at the Calgary Aquarium.

Together with two spiny boxfish which were also part of the Aquarium's travelling display, they were flown to Calgary and settled in their new home. They share a large salt water display tank with another species of marine turtles—six green sea turtles from Hawaii. The Aquarium, located on the Calgary Brewery grounds at 9th Ave. and 15th St. S.E. also has some specimens of fresh water turtles on display. Visiting hours at the aquarium are 10 a.m. to 5 p.m. weekdays and 12:30 to 5 p.m. Sundays. There is no admission charge.

ERNIE'S SUPER MARKET **DRAYTON VALLEY ALBERTA**

ERNIE BERNs

Due to ill health I am forced to sell my business "ERNIE'S SUPER MARKET" to Mr. Otto Nickel of Drayton Valley, effective November 30, 1961.

Mrs. Berns and I wish to thank our many customers for their faithful patronage during the time we have been in Drayton Valley.

We are sure that Mr. Nickel will continue to serve you in the same manner we have tried to.

OTTO NICKEL

I wish to announce that I have purchased ERNIE'S SUPER MARKET from Mr. Ernie Berns effective November 30, 1961.

It is my intention to provide you with a fine selection of groceries, meats and produce at the lowest possible prices and to serve you personally in the same manner that Mr. Berns has.

I respectfully solicit your patronage.

HOME & SCHOOL. (Cont. from page 6, Col. 5.)
award pin for her essay on Alberta Farm Safety which was open to grades five and six students in the school division, and an award plaque was presented to the Drayton Valley Elementary School.

A panel discussion on "Motivation", with those factors which encourage students to attain high standards, was held. The panel included Mr. P. Hamock, Dr. L. Waugh, Mrs. L. Oscar and Mrs. D. McKenzie with Mrs. Julia Peters as moderator.

The next meeting, will be held on November 27th at 8:00 P.M. in the Elementary

School Auditorium. The programme will be "Spotlight on Grade Four". This includes an introductory talk by Mr. Gray and a display of grade four work. The grade four teachers will be present to explain the displays.

LOOKING AT RECREATION

(Cont. from page 7, Col. 5.)

spring months. The local club is going great guns this year. They have come up with a club banner which will not only stimulate local interest but also encourage inter-town dancing parties which is bound to benefit the local organizations in almost every conceivable way.

The Pembina Bowling Club will

be off and running with their first show of the season at the B.P.O. Elks Hall on Friday, December 1st. The card will feature Rufus Combs against the best available competition, likely from Edmonton. There will be ten hours on tab with Orvin and Mervin Combs, Gerry Mazze and Barry Thompson likely seeing action before the evening is out.

Gordon Cross and his various committees are lining up the program and further reports on their progress will be found in this column next week.

The Drayton Valley Athletic Association will hold their semi-monthly meeting on Thursday, November 23. This is on open meeting and anyone interested in

the developments in the local recreation and athletic fields are very welcome to attend.

George Traflet, former Blue Bonnet head coach certainly spoke his mind in the half-time interview of the Winnipeg-Calgary game last Saturday. He deplores the idea of overrating Canadian Football, with imports which is nothing short of good common sense. I must say that I was slightly shocked to hear an American import to hockey and also state bluntly that the Canadian game was vastly superior to American Football. Once again however, it is widely believed that the latter statement carries a great deal of veracity. I do not exactly agree with his idea that T.V. coverage

of American games in the N.F.L. has hurt Canadian Football. On the contrary I think that this weekly coverage has educated Canadian people and more to the American game and has opened the door to the average football fan here in Canada... letting him see how our Southern neighbor operates on the gridiron.

Hum, gold is found in quartz but never in pits.

HOW TO BOWL FIVEPINS

By Bert Gamble and Jim Hault
Chief Bowling Instructors
Double Diamond Advisory Council

How to keep score

It's astonishing how many people go bowling regularly, but still don't know how to keep score. If you don't know how, you can't play properly.

There used to be a confusing variety of scoring methods, used in different parts of the country. The confusion has now been ended, and the "National Count" is officially accepted everywhere in Canada. The diagram shows the scoring value of the pins:

Behind every two lanes, you'll find a score stand and set of score sheets supplied by the bowling centre. Though a completed score sheet may look complicated at first sight, scoring is actually quite simple.

A bowling game consists of 10 frames, represented by one line on the score sheet. In each frame, you're allowed three balls... unless you manage to knock down all the pins with fewer. In the last frame, you must always roll three balls.

Under the "National Count", if only the headpin is standing after two balls, you must roll the third ball. Some old systems, in which the headpin had less value, considered this pin to you if you had knocked down all the rest. This no longer applies in 5-pin bowling.

You score the value of the pins you knock down with three balls in each frame. However, the left corner pin — the counter pin — must be knocked down in each frame. If it is left standing, this is called a "spare", and you get no score for that frame.

A perfect game — a strike each ball you bowl — is 450 points.

Envoy's dependability and safety features... for a price that's rock-bottom low!

(Warranty not included in extra cost)

WORDS

THOUGHTS

ON YES — WHEN WE FINISH WITH YOU, MAMAM, YOUR HUSBAND WON'T KNOW YOU

BENNY SALON

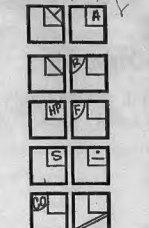

BUT LET'S FACE IT, AND WHEN HE GETS THE BILL FOR HIS WORK, HE WON'T SPEAK TO YOU!

ANNA

Jackie Kennedy has done more for the pillbox than all the country's doctors.

It's funny how little things we never get worry us more than things we lose.

you bowled each frame, and what bonus points you are entitled to, a number of symbols are used.

A Strike — If you knock down all the pins with your first ball, this is a "strike". You don't bowl the remaining two balls in this frame. For the frame, you score 15 points, plus a bonus of the pins you knock down with the next two balls you bowl when your turn comes again. For this, mark an "X" in the small square in the upper right hand corner of the frame.

B Spare — When you knock down all the pins with two balls, you score 10 points, plus a bonus of the pins you knock down with the next ball you bowl when your turn comes again. For this, mark an "S" in the small square at the top of the frame.

C Head-Pin — When your first ball picks out the No. 5 pin only, you designate it a "headpin" and mark it "HP".

D Split — When the No. 5 and one of the No. 3 pins are bowled down on the first ball, this is a split, marked "S".

E Chop-Off — When the No. 5 pin and the No. 3 and No. 2 on either side are bowled down on the first ball, mark this "CO".

F Ace-Up — When both No. 2 pins remain standing after the first ball is delivered, mark "A".

G Corner-Pin — When either No. 2 pin is left standing after the first ball is delivered, mark "C".

H Full — When any part of the bowler's body touches the lane beyond the foul line, this is a foul. At the end of the game, 15 pins are deducted from the score. Mark an "F" in the frame.

I Error — When the first ball is delivered, you can put a dot in the small square. When the second ball is delivered, you can put a horizontal line in the same small square. This indicates an "error" by not bowling either a strike or a spare.

J Blank — When the counter pin is not bowled down, there is no score for that frame. It is marked by a double diagonal line through the frame.

In a later column we will illustrate scoring for a sample game, meantime let's get back to the game.

THE ART OF GRIPPING THE BALL

A small boy asked his mother to go out and watch the solar eclipse, "Oh," said the mother, "I don't stand too close!"

A recipient at a TV station held an infant ill out as a caution blank. The young actress, beaming at the line, asked her age. "Better hurry," said the recipient. "Every minute makes it worse."

STRIPLES

THE GREAT NORTH WEST PIONEER VILLAGE

22 miles west of Edmonton on Jasper Highway No. 16, 37 miles north of Alberta Highway junction.

Honoring the pioneers, old-timers and early settlers of Alberta, this is an authentic collection of thousands of relics displaying the culture of the province's pioneers, housed in original historical pioneer buildings.

The Forty-Four Colt rifle he is holding in his hand in the above picture has an interesting story attached to it. Last patent on the gun was taken out in 1883. He got the valuable old rifle from Mr. Eric Turner, oldtimer of Drayton Valley. Mr. Turner said that many years ago a halfbreed borrowed two dollars on the gun and never came back to claim it.

The Pioneer Village is closing for the winter months. It will be open only on Sundays till next spring, when it will again be opened on the seven day a week basis as it has been this past summer since it was opened last spring. Mr. Danard says that if anyone has any article of historic value he would like to get them for exhibition in the Pioneer Village. He was interested in getting the old De soto log cabin portico and store on the edge of town for the Village.

Mr. Earl Danard, one of co-founders of Pioneer Village, on Highway 16, between Drayton Valley and Edmonton was out in Drayton Valley recently looking over our district. He said he had had so many people from Drayton Valley registered in the Pioneer Village as visitors he got kind of curious himself to come out here and take a look around.

Young Danard's report card for December was a sad one-down from his October and November showings. "How come?" squealed father. "You know how I'm Dad," explained Danard. "EVERYTHING is marked down after Christmas."

M.P. Visits Drayton Valley

Dr. Hugh Horner, met with many constituents of the large Jasper-Edson federal riding which he represents in Parliament when he spent the middle of the past week renewing old acquaintanceships and making new ones in Drayton Valley.

Dr. Horner met in the early evening with members of the Chamber of Commerce in a dinner meeting in the Cardium Room, and later in the evening he met with another large representation in the Legion Hall for a very informal and enlightening "Question and Answer" period.

Member of Parliament Horner spent the night in Drayton Valley and met with other local constituents the next day.

Boxing News

Another Boxing Card will be staged in Drayton Valley on Friday, December 1st, which will be the opener for the 1961-62 fight season. Eight local boys, with Rufus Combs as main attraction, will be participating in the leather-throwing events.

One, a local Indian boy, Herb Crealey, who has made a name for himself as a firstclass scrapper will be taking part in the Friday night fracas. Herb, was an exciting hand-fought bout in Edmonton last Saturday, and is expected that there will be a rematch of the lad that was opponent to Herb, in the Edmonton card. If so, it will give with tons of thrill and action.

Herb's brother, Howard, also a mighty sharp lad, will be taking part in the fights come Friday.

The other two Combs boys, Orvin and Mervin will be in there in the squared circle, Gary Masters and Arnold Weber will also be among the local boys who give with the action.

The set - to will be held in the Elks Hall, at 8:30 p.m. on Friday December 1st.

FATHER AND SON SCOUT BANQUET

Queen Scout Barry Rosenberger, left, Scoutmaster Fred Tookley, Scout Scout Bill Uchelyny, right, at the Father and Son Scout Banquet.

Drayton Valley Boy Scout Association put on their annual Father and Son banquet in Scout Hall on Monday evening, November 21, with most of the Boy Scouts present, with their fathers. Fred Tookley, Scoutmaster for Troop 8, Drayton Valley Boy Scouts, gave a talk on the principles of Scouting, stating that the objective of the Scout program are to build up the boy: spiritually, mentally and physically. Mr. Tookley gave a few illustrations as to how the program works. Following that, a film was shown of the World Scout Jamboree held in England, in 1957. This was an extremely interesting film done in color, and with accompanying sound track that gave the various calls of the Scouts and their leaders in their native tongues.

Master of Ceremonies for the occasion was Queen Scout Bill Uchelyny. Following the film, Group Committee Member Walter Krause made a presentation of Appreciation for work in behalf of the Boy Scout movement, to Mr. Jack Heyland, who has recently resigned from the Scout

PRINCIPAL SPEAKS TO HOME & SCHOOL

Elementary School Principal John Gray points to the screen on which is projected pages of books in the class room. The Opaque projector and screen are much used in class work at the school.

In the regular Monthly Monday night meeting of the Home and School in the Elementary School Auditorium Principal John Gray was the featured speaker, addressing a very good representation of parents and teachers. Mr. Gray showed samples of the reading material used in the school which he showed on a screen by means of an Opaque Projector, a projecting device that is used in the school as a means of bringing the reading subject before the entire classroom.

The speaker showed the work of Division 1 children, learning the basic skills, particularly in reading. In Grade 4 they extend the program to include Social Studies and Science. "However" said Mr. Gray, "there is still much to be done on the basic program so we examine reading and spelling skills. By the time the pupil has reached Grade 4 there is a wide range of achievement, varying with the mental ability of each Grade 10 level".

"Fortunately", the speaker continued, "there are few at each end of the skills in our school, but as a average grade 8 class will have a year's difference in reading ability. This brings up the question: How do we compare with the average parent? Mr. Gray, to answer that question gave a demonstration with the Opaque Projector and sound recordings of the children's reading.

The material ranged in difficulty from grade 1 readers to such books as Black Beauty, Treasure Island, and Wind in the Willows, which ranges in scope from fourth grade to Junior High School material.

Some of the children were apprehensive of oral reading; they will

FIRE DESTROYS HOME

Mr. Gregor, with his little dog, Sparkie, which saved his life in the fire that destroyed the farmhouse. Sparkie barked and awakened Mr. Gregor.

The Gregor house was completely demolished, with only the chimney standing to mark the spot where the house had stood.

Fire, believed to have started in the electrical wiring, completely demolished the farm house of Mr. and Mrs. Lou Gregor, at their farm four miles west of Rocky Rapids. The fire started during the night, and had made great headway by the time it was discovered at about one thirty in the morning on Thursday, November 22. While the house and all contents, including personal belongings, was destroyed by the fire Mr. Gregor counts himself as very fortunate that he escaped with his life. He was sound asleep at the time the fire broke out and was awakened by the barking of his little dog, "Sparkie". When Mr. Gregor did not get up right away the little dog jumped on him to wake him more thoroughly. As Gregor roused up he saw at once what was taking place and jumped out of bed and dressed hurriedly. The house was burned to the ground in the matter of moments from the time he got up. At the time Mrs. Gregor had been in Drayton Valley with friends, looking after their children.

Little Sparkie will be quite a hero in the Gregor family from now on. Work will be started on a new house as soon as possible.
